BEST CROP

That Farmers in This Vicinity Can Produce.

The prospects ahead of the farmers for this season make it imperative to plan for crops of positive value. It is not a time to gamble on the markets.

The surest crop, the earliest cash returns, the most profitable crop that can be produced in this vicinity is tomatoes, under a contract with the Louisa Canning Company. This contract will settle the question of market for you. The company is compelled to buy a crop if a contract is signed. Your crop is sold therefore before it is even planted. No guessing, no wasted efforts in finding buyers, no peddling no tomatoes rotting on your hands for lack of market. What better could any man ask?

The price is 25 to 35 per cent. higher here than in the largest tomato growing districts, and they cannot produce better than we can. A tomato crop does not require the best soil and it improves the land. A small investment in fertilizer, when needed, will pay big returns.

The farmer who has a number of children is especially equipped for handling a tomato crop. The picking can be done by women and children and this is the only part of the crop that requires extra help.

Every year that slips away from you with this opportunity unimproved is a year in which you lose money that is within your reach. Get out of the rut. Do not farm altogether as your ancestors did. Meet the demands of the time and profit thereby. Start now and improve your condition.

McClure-Cheek.

Joseph K. Cheek and Miss Daisy McClure were united in marriage at one o'clock, Friday afternoon, February 12, at the home of the bride's parents at Gallup. Rev. Williams, of the M. E. Church performed the ceremony. The affair was kept a secret from all except the bride's parents. The bride was attired in brown silk.

Mr. McClure entered the parlor followed by the bride and groom, who took their places in front of the minister, who married them.

After the ceremony Mr. and Mrs. Cheek received the congratulations of friends who were present. The bride is the youngest daughter of Mr. and Mrs. A. H. McClure. She is a devoted Christian and a popular young lady in her large circle of friends.

The groom is a son of Isaiah Cheek and bears the reputation of integrity and industry he is a highly respected and Christian gentleman. We extend congratulations to him and his worthy wife.

A Friend.

Republican Primary April 3rd

The Republican County Committee met at Louisa last Friday and decided to hold a primary election on Saturday, April 3rd, to nominate candidates for county offices to be voted for next November.

The candidates are numerous and the fight is growing warm.

Dow McCoy, who was arrested on the charge of setting fire to the barn of William Thompson, on Little Blaine, last Thursday, is now in jail, in default of bail in the sum of \$500. Bill Mullins' dogs located McCoy, and Squire John Hughes located Dow by committing him to the county jail to await the action of the April grand jury.

William Thornbury has sold to Atkinson Bros., of Carrollton, Ky., the finest fleet of timber that the Sandy river has produced this season. There were about 1,200 splendid logs in all the rafts, which will be taken from here to the mouth of Kentucky river. Ashland independent.

Mrs. Sarah Bloss is hopelessly ill at Huntington from uremic poisoning. She is a sister of George C. McClure, of Gallup, this county, and of Prof. T. B. McClure, of Wayne.

A Change at Conley's.

Mr. W. Arlo Moore, watchmaker and graduate optician, is now in charge at Conley's store, in Louisa. Most of our citizens remember that he was here for several months about four years ago. He is a pleasant, courteous gentleman, thoroughly reliable and entirely competent to handle all work that may come to him in the line of accurately fitting spectacles, and repairing watches, clocks and jewelry. Customers are assured of courteous and fair treatment and first-class work.

It is not often that a town of this size has a competent optician. Dr. Moore is a graduate from one of the best optical schools and has had several years of successful practice. All who need glasses should consult him.

Sale of Coal Properties.

Harry A. Loche, of Philadelphia, acting for himself and associates, has contracted to purchase four operating coal mines on the O. & B.S. division of the C. & O., and will take the properties as soon as titles have been approved. The properties will be consolidated and the entire output will be used for manufacturing coke, over 2,000 coke ovens to be constructed. Mr. Loche is negotiating for additional coal properties, and all the mines will be equipped with electrical machinery for cutting, lighting and power. He is also negotiating with an export lumber company relative to cutting timber on the lands.

Marriage at Cherokee.

On last Friday evening, February 12, a quiet little wedding took place at the beautiful residence of W. H. C. Thompson, of Cherokee. Their youngest daughter, Aurie B. Thompson, was united in marriage to R. J. Ward, son of J. T. Ward, a prominent merchant of this place. Rev. J. O. McNeal performed the ceremony. The parlor was well filled with friends and relatives and we earnestly pray to God of heaven that joy and peace crown their pathway, as both are very young. Sweetheart.

The report sent out from Frankfort two weeks ago that the February money for teachers had been mailed to Superintendents was incorrect. Supt. Thompson says it will be a week yet before the money arrives.

Items of Interest About Louisa's Prosperous School.

Ellis Conley, from the Preston Baptist Institute has enrolled as a student in the Kentucky Normal College.

The reception for the students of the surrounding counties and States, is announced for February 19th, 7 p. m. The doors will be opened promptly at 6:45, and all are advised to come early and secure seats. The court house has been secured for the occasion, and every one is invited to attend. The date chosen is the one on which Pres. Alfred Holbrook's birthday is generally celebrated. However, his birthday was celebrated at Lebanon, this year, on the 13th. Many thousands were present and paid just tribute to this distinguished man.

The students of the several counties met Saturday afternoon and organized clubs composed only of students regularly enrolled in the K. N. C., and claiming as their home the county for which they apply for membership.

The purpose of these organizations is to create a spirit of loyalty among the students, for their county and their school, to promote a feeling of good will and friendship towards each other, to act as a medium through which the students may become better acquainted and to work for the success of both the students and the school. The counties already heard from report a good attendance. They are:

Lawrence—Officers elected: E. W. Pendleton, President; Miss Arthur Berry, Vice President; Miss Ada Jones, Secretary; Miss Laura Miller, Assistant Secretary; Frank Crutcher, Treas. Arrangements for the reception to be held to-night (Friday) were made, after which there was some good speaking, Dock Jordan and Ben Fugit entertaining. All members showed enthusiasm, and seemed highly pleased with the results.

Magoffin—Officers elected: Miss Daisy Patrick, President; Joseph Howard, Vice President; R. S. Montgomery, Secretary. There were speeches by the President and Vice President, and also addresses made by several other members, among whom were Messrs. Ramey Wireman, Lacy Carpenter and S. C. Allen. One of the speakers said: "When I came to the K. N. C., I was surprised at the amount of work being done by the students as a whole, and such an enormous attendance, which is daily increasing."

Johnson—Officers elected: Willie Caudill, President; Miss Virgie Collins, Vice President; and Miss Mae Stafford, Secretary. After the election of officers several interesting subjects were discussed, and speeches which were greatly enjoyed were made by several of the members. The meeting adjourned, each county determined to make his county the strongest in both intellectual and moral development.

Floyd—Officers elected: K. C. Goodman, President; Miss Cordelia Stewart, Vice President; Miss Sallie Gearheart, Secretary. Speeches were made by Ed Allen, Miss Stewart and Miss Willie Byington, which were well received. The assembly adjourned all feeling highly elated over the results of their organization. Each member is working with might and main to cause his county to lead.

E. W. P.

A Big Sandy Insurance Agent.

The West Virginia State Agency of the Equitable Life Assurance Society has issued its report for 1908. It shows the R. A. Bickel, of Louisa, stands at the head of agents in the number of applications written and second on the list in the total amount of insurance sold and paid for. He began work for the company in April, while all the other leading agents on the list worked the entire year. This is a record worth mentioning.

The two year-old daughter of Milt McKinster, of Adams, fell from a table one day last week and broke one of her legs.

A Good Old Age.

The following from the Big Stone Gap Post has sufficient local color to make it interesting to many of our readers:

Samuel Salyers, perhaps the oldest man now living in the south, resides near Norton, in Wise County, Virginia, and is, according to the best information obtainable, 114 years old.

This good natured pioneer of the Virginia mountains spent his life in comparative poverty, not realizing that his possessions were worth millions of dollars. He at one time—and that only a few years ago—owned the entire boundary of one coal lands laying around the town of Norton.

He is of Irish descent, being a son of one of two brothers who came to this country from North Ireland a hundred and fifty years ago. The Salyers settled at what is known as Salyersville, Ky., and founded that town.

Fruit Still Uninjured.

Those who have examined the fruit buds say that the fruit is still uninjured. The untimely warm spell that threatened to so develop the buds as to insure their destruction was succeeded by the cold snap, which put a stop to further development, and if nothing further happens to it we will have a good fruit crop. It is not thought that the bloom will be as heavy as usual, as many of the smaller spurs were killed by the extremely dry weather last fall.

Gone to Huntington.

Frank Millender and family left here last Monday for Huntington, where they will have residence until Mr. Millender can be better situated. These nice people did not desire to leave Louisa any more than Louisa wanted to lose them, but it was impossible for him to find a suitable house here. Mr. and Mrs. Millender and their children were much liked here, and regret at their departure was general and sincere. They liked Louisa and Louisians, too, and were loath to leave. If they should ever again become residents of this city they will be gladly welcomed.

Reception to Sunday School Class

Mrs. F. T. D. Wallace, Sr., gave a reception last Saturday afternoon to her Sunday School class. Each guest represented a Bible character and there was a spirited contest which consisted in guessing what characters were intended to be depicted. There were also other appropriate exercises, and refreshments were served. Those present express themselves as having spent a delightful afternoon.

Clarence Dilley, whose home is near Fallsburg, is First Sergeant of Co. G., 22nd U. S. Inf., Fort Egbert, Alaska. In a letter from that point, subscribing for this paper, he says that at the time of writing the mercury was 69 degrees below zero and still falling. The volatile metal gets very depraved in the thermometer sometimes, but we had no idea it could descend to such depths. Come to think of it they don't use mercury in the thermometer out there, it freezes too easily. They use alcohol.

Fort Gay Items.

(Fort Gay Leader.)

Judge Wilkinson decided the Fort Gay election mandamus case in favor of the petitioners.

Revs. Pucket and Billups are holding a revival meeting at Forks of Hurricane with good success. Five have already been baptized, and several converted.

Revs. Spencer and White will begin a series of meetings at Hewitt's Chapel on Hurricane the 4th Sunday night in the present month.

The grand jury at the present term of the circuit court returned about 150 indictments. This is quite an increase over former terms.

Judge Wilkinson is now charging the pistol toters \$50 and 30 days in jail. He says if \$25 and 30 days won't stop the pistol carrying in his county, he thinks \$50 and 30 days will.

Last Thursday, T. M. Zeigler, an employee of the Virginia Car Association, with headquarters at Richmond, Va., stepped off the train at Fort Gay, and from his actions it was soon discovered that he had lost his reason. The N. & W. agent here knew him and notified the officials at Portsmouth. In the meantime Zeigler had told some one that he was a Mason and belonged to Couray Lodge, Va. A committee was appointed to examine him, and while he would not talk but little, they got enough out of him to satisfy them that he was a member of that lodge. They then wired the Lowry Lodge and got a prompt reply from L. Zerkel, master, that Zeigler was a member of the lodge in good standing and requested Vinson Lodge to look take him to Roanoke, Va. So S. W. Frazier left here with Zeigler on No. 16, Friday, for Roanoke. He was met at Bluefield, W. Va., by the chief clerk of Supt. Cook, of the Radford division of the N. & W. railroad, who accompanied them to Roanoke. He was then sent to Natural Bridge, Va., where he was taken charge of by his brother, Dr. Zeigler.

Mr. Zeigler is of a prominent family, and was holding a responsible position. His reason left him all at once, and he could not tell anything about it. His employers or anyone else knew of his troubles until he was taken charge of here.

Perhaps the tiniest baby in the world is the infant son of Mr. and Mrs. E. P. Lady, of Paducah, which weighs one and one-half pounds. The little fellow is bright and healthy and bids fair to live and thrive. The child is about seven inches long and its face could be covered by a watch crystal. His hands and feet are not more than an inch long. He was too tiny for ordinary baby clothes, so one of the neighbors supplied some from the wardrobe of her little daughter's doll, which were a nice fit.—Paducah News-Democrat.

Frankfort, Ky., Feb. 12—There are more convicts in the Kentucky penitentiaries now than ever before in the history of the Commonwealth, the total number being 2,035, which does not include over 400 boys and girls that have been sentenced to the School of Reform. In 1898 the Frankfort penitentiary contained 1,423

convicts and was so overcrowded that over a hundred were transferred to Eddyville. Today the number in the penitentiary here is 1,410, and when Fayette county and one or two large counties send in their February consignment of new prisoners, the total will be far in excess of the record made in 1898.

Lincoln day was observed throughout the United States and in many foreign capitals. Probably thousands of meetings were held in cities, towns and hamlets, with varying programs of exercises. The principal celebration was that at the Lincoln birthplace farm, near Hodgenville, where President Roosevelt laid the cornerstone of the memorial hall that is to be erected around the Lincoln cabin. The President delivered an address and there were speeches by Gov. Willson, former Gov. Joseph W. Folk, of Missouri; Secretary of War Luke E. Wright, and Gen. James G. Wilson. The exercises attracted a crowd of several thousand people, despite the fact that the day was disagreeable from a weather standpoint.

S. A.

In this capacity he went for two years and then his services were needed in the army, and he remained as a soldier to the end of the war.

He was in the battles of Jackson, Tenn., Johnsonville, Tenn.; Florence Ala., and other places. He was also in General N. B. Forrest's command when he made his raid on Paducah, an event remembered by several of our citizens today.

At Columbus, Miss., he received his discharge, and came back to Kentucky, where he settled on a farm four miles east of Mayfield, and has lived there ever since, and ranks as one of our best colored citizens.—Mayfield Monitor.

Torchlight.

Rev. T. G. Rickman has rented most all the farming lands of the Louisa Coal Company and is now at work preparing the ground for a good crop.

An infant child of Dock Pack died last Thursday and was buried Friday in the graveyard near the Harvy Hardin home.

Some one several nights ago placed an obstruction on the railroad at the tipples, presumably to wreck the train which should have passed some time during the night.

Our ever watchful watchman, C. P. Lakins, found and removed the obstruction in time to avert a serious disaster. The Louisa Coal Co. now has two fine blood hounds, well trained and doubly vicious, standing in readiness to take up matters of this sort, and if it is possible to run evil doers entirely out of the country we believe we have the dogs to either chase them out or assist in their capture.

Three new ponies have been added to the number already on hand, and we will soon have a whole herd, of the finest Shetland ponies to be found anywhere.

The ticket agent here during the month of January sold 265 tickets.

Col. Jay H. Northup was here Tuesday last, looking to the shipment of his rent corn, to Whitehouse where he has some teams at work.

This corn was raised by W. D. and Elijah Hammond, who are among the very best corn raisers in the county.

R. L. Dean, carpenter foreman for the Louisa Coal Company, has completed the incline, which connects the upper with the lower vein of coal.

This will fully double the daily output and will increase greatly the numbers of miners, as operation in the upper vein is being started this week.

A contract is being closed this week for the sale of the additional coal which will be greatly increased in the daily output at this place.

This contract alone, when completed, will make a good business within itself. This sale coming unsolicited marks well the quality of Torchlight coal.

Home Circle Column.

A Column Dedicated To Tired Mothers as They Join The Home Circle.

A man thinks he knows it all, until a woman begins to enlighten him.

o o o

There is more sunshine in life to the minute than there is misery to the mile. But after all, it is just the way you look at it.

o o o

This world is but the stepping stone of an immortal life. Every action of our life touches on some chord that will vibrate in eternity.

o o o

Let the path of life start whence it may, and let the way be steep and thorny if it must, there are sunny fields far up the heights for those who have faith and resolution to climb them.

o o o

The past is fixed. No tears can wash away its facts. We should waste no regrets upon it; but from the wisdom its very sins have taught us, we should start afresh on the race.

o o o

It takes but little push to start a stone rolling down hill, and many a heavy hearted human being has been sent into the depths because of a push in the wrong direction. It may be because it is easier to push than to pull that we move along with the crowd, saying inwardly, "each one for himself," and scarce think it worth while to lend a helping hand where it is most needed.

o o o

WHAT TO FORGET.

If you would increase your happiness and prolong your life, forget your neighbor's faults. Forget all the slander you ever heard. Forget the temptations. Forget the faultfinding, and only remember the good points which make you fond of them. Forget all personal quarrels or history you may have heard by accident, and which, if repeated, would seem a thousands times worse than they are. Blot out, so far as possible all the disagreeableness of life; they will come, but will only grow larger when you remember them, and the constant thought of the acts of meanness, or, worse still, malice, will only tend to make you more familiar with them. Obliterate everything disagreeable from yesterday, start out with a clean sheet today, and write upon it for sweet memory's sake only those things which are lovely and lovable.

o o o

A WOMAN'S ESSAY ON MAN.

A boy can sit still on a sled six inches square, tied to a sleigh moving eight miles an hour; but couldn't sit still on a sofa five minutes for a dollar. A man will sit on an inch edge of a board and talk politics for three hours; put him in a church pew for forty minutes, he gets nervous, twists and turns, and goes to sleep. A man will pouch his cheeks with filthy tobacco, juice runs down to his chin, feels good; but a hair in the butter kills him. He stays out till midnight, wife don't know where he is, comes home when he pleases, but if a meal is not ready just on time, pouts, frowns, and says unpretty things. Evidently man is a strange animal. Gets full, beastly drunk, imagines he's rich, a great man, bets on the losing horse, goes broke, quarrels, fights and lands in jail, eyes dressed for Easter, face freckled and depraved, yet he is "Lord of all creation and monarch of all he surveys." Strange animal, this man.

o o o

WOMAN AND HOME.

The chief anxiety is not that woman have other rights accorded her, but that she, by the grace of God, rise up to the appreciation of the glorious rights she already possesses. First, she has the right to make home happy. That realm no one has ever disputed with her. Your abode may be humble, but you can, by your faith in God and your cheerfulness of demeanor, gild it with splendors such as an upholsterer's hand never yet kindled. There are abodes in

every city—humble, two stories, four plain, unpapered rooms, undesirable neighborhood, and yet there is a man who would die on the threshold rather than surrender. Why? It is home. Whenever he thinks of it he sees an angel of God hovering around it. The ladders of heaven are let down to that house. Over the child's rough crib there are the chantings of angels as those that broke over Bethlehem. It is home. These children may come up after awhile and they may win high position, and they may have affluent residences, but they will not until their dying day forget that humble roof under which their father rested, and their mother sang, and their sisters played. Oh, if you would gather up all tender memories, all the lights and shades of the heart, all banquetings and reunions, all filial, fraternal, paternal and conjugal affections, and you had only just four letters with depth and length and breadth and magnitude and eternity of meaning you would, with streaming eyes, and trembling voice, and agitated hands, write it out in these four living capitals, H-O-M-E.

o o o

THE MOTHER'S SPIRIT.

When the mother's spirit is impatient, petulant, and fiery can she expect her children to be gentle? When she governs by shouting, scolding and threatening, can she expect them to speak gently to one another, or even to herself? Will she not see in the carriage and demeanor of her children a reflection of her own spirit and life?

If a mother is wordily-minded and fond of ornamental dress and show, can she expect her family to grow up in humanity?

If the mother is in the habit, in her common-conversation, of coloring facts, of exaggerating what she hears and relates, can she expect her children to grow up with a love and reverence for the truth?

The tempers and dispositions of parents, whether good or bad, whether lovely or hateful, make such impressions on the souls of their children that they are like seeds implanted within them, which shall take root, and grow, and form part of their future character.

Many an angry, fretful, passionate mother is propagating these evils in her children; she does not wish to do so; she does not intend to do so, and she is frequently trying to check these unhappy tempers when she sees them springing up in her children; but so long as she herself manifests these tempers she is transmitting them to her offspring by a natural law. She is breathing into them her own unchristian spirit. They are living in an atmosphere infected with moral depravity. They are taught to be impatient and passionate by example. And sometimes the mother will try to beat out of them with the rod what she is daily infusing into them with her own spirit.

Every Woman Will be Interested.

Best on the Market

It comes to us direct from the manufacturers, thus saving the liberal profit allowed to jobbers by other makers. This line includes

They are guaranteed to contain 50 per cent more silver than the Rogers' ware at the same price. This is possible because the purchaser does not pay a jobber's profit.

There are very few homes that are too poor to afford a set of this tableware for use "when company comes," and every man owes it to his wife to provide it. There is nothing that will bring the same amount of satisfaction for the money. Once in a life time is all you have to buy World Brand Ware.

Announcements

We are authorized to announce
ADD SKEENS a candidate for the
office of County Court Clerk, sub-
ject to the action of the Democratic
party. Your support is earnestly
solicited.

The Kentucky press having with
practical unanimity decided that
Beach Hargis should be dead, Jim
Richardson, of the Glasgow Times,
declares that any editor in the State
is welcome to his part in the dead-
ening.

An affectionate maiden in Waco,
Texas, hugged a girl friend until she
cracked three of her ribs. Ought to
be a law against girls hugging one
another.—Exchange.

This is no girls' work, anyway.
What are we here for?

Mr. Henry Watterson in a letter
to a friend in Tampa, Fla., who had
invited him to speak at a banquet,
declares that, on account of his do-
leful bereavement in the loss of his
daughter and son, he has canceled
all his engagements of a public na-
ture and will never appear in pub-
lic again.

Representatives Edwards and
Tangle, of Kentucky, are preparing
to lead a vigorous fight not
to let insurrection against any at-
tempt to reduce or abolish the duty
on lumber. It is expected that the
tariff bill on which the Ways and
Means Committee is working will
provide that the duty on lumber be
cut or taken off entirely.

The Kentucky Republicans named,
as well as Stimp, of Virginia, and
Hughes of West Virginia, are at
work to form a combination of
Southern Democrats and Republicans
from lumber States to defeat any pro-
vision of the tariff bill touching on
lumber duty.

Mr. Edwards said he was overwhelm-
ed with letters protesting against
the lumber duty being disturbed.

INDIGESTION ENDS.

Misery from your Disordered Stom-
ach goes in Five Minutes.

You can eat anything your stomach
craves without fear of a case of Indi-
gestion or Dyspepsia, or that your
food will ferment or sour on your
stomach if you will occasionally
take a little Diapiesin after eating.
Your meals will taste good, and
anything you eat will be digested;
nothing can ferment or turn into
acid or poison or stomach gas,
which causes belching, dizziness,
a feeling of fullness after eating,
Nausea, Indigestion (like a
lump of lead in stomach), Bilious-
ness, Heartburn, Water brash,
Pain in stomach and intestines or
other symptoms.

Headaches from the stomach are
absolutely unknown where this effec-
tive remedy is used. Diapiesin real-
ly does all the work of a healthy
stomach. It digests your meals
when your stomach can't. Each
triangle will digest all the food
you can eat and leaving nothing to
ferment or sour.

Get a large 50-cent case of Pape's
Diapiesin from your druggist and
start taking today and by tomorrow
you will actually brag about your
healthy, strong stomach, for you
then can eat anything and every-
thing you want without the slight-
est discomfort or misery, and every
particle of impurity and gas that
is in your stomach and intestines
is going to be carried away with-
out the use of laxatives or any
other assistance.

IF WOMEN ONLY KNFW

What a Heap of Happiness it
Would Bring to Louisa Homes.

Hard to do housework with an
aching back.
Brings you hours of misery at
leisure or at work.

If women only knew the cause—
that Backache pains come from sick
kidneys.

'Twould save much needless woe.
Doan's Kidney Pills cure sick kid-
neys.

Louisa people endorse this:
Mrs. G. W. Skaggs, of Lock Ave.,
Louisa, Ky., says: "I have never
heard of a case of kidney trouble
where Doan's Kidney Pills did not
live up to representations. They
gave me entire relief from a severe
attack of kidney complaint and
rheumatism. The kidney secretions
were scanty and caused a dropsical
swelling in different parts of my
body. I felt generally tired and
depressed and was weak and ner-
vous. The least exertion left me
fatigued and I could scarcely perform
my housework. Doan's Kidney Pills
removed every annoying symptom
and proved so satisfactory that
I cannot hesitate to recommend
them."

For sale by all dealers. Price
50 cents. Foster-Milburn Co., Buf-
falo, New York, sole agents for the

East Point.

Not long since I picked up an
old copy of the Kentucky White
Ribbon, and glancing over the first
page I saw the request of Mrs.
Phebe Wallace of Louisa asking that
at our State meeting of the W. C.
T. U. they should sing for the
opening hymn, "O Do Not Be Dis-
courage, For Jesus Is your Friend."

As I read the sweet comforting
words of the old song, the tears
came thick and fast and a flood
of old sweet memories came surging
through my brain—memories of some
of the good women whose lives have
in various ways touched mine. I
remembered the first Sabbath school
I ever attended. In Prestonsburg
about the close of the Civil War,
Mrs. Mary Martin Trimble, afterward
Armstrong, organized a Sunday
school in a little dwelling house,
standing where Smith's Hotel now
stands. Some planks were placed a-
round the wall for seats and a lit-
tle stove kept the room warm.

There this good woman assisted
by Uncle Sam May and Uncle Tom
Ford, would gather the children of
the town together with her own
little ones, Jimmie and Malcolm, and
teach us as best they could to be
better children than we would oth-
erwise have been.

I often wonder now, as I think of
this why the other mothers of
the town were not with her, to
help and encourage her. We had
no literature for a long time, few
bibles or song books. By and by
Uncle Dennis Wells, then a drum-
mer, gave me a book called the "Sab-
bath School Bell," from this Mrs.
Trimble taught us the hymn I

have spoken of, "When The Morning
Light Drives Away The Night," "I
want To Be An Angel," and many
others. I love them still. We
were not a very stylish looking lot
of children. Some of us wore home-
made linsey dresses and copper-
tied shoes. But we were happy
and enjoyed going anyway. We took
our readers, our old blue backed
spellers or any book we might have
and after we had recited a lesson
from them Mrs. Trimble would teach
us the Lord's prayer, and the cate-
chism, sowing good seeds in young
hearts. It was here I first learned
to hate the demon drink, and from
old Uncle Tom Ford I imbibed a
horror and hatred for infidelity that
will last me through life. I believ-
ed these good people were building
better than they knew.

One of the dear boys that Mrs.
Trimble had at that time—Malcolm—
died many years ago, a christian
boy, loved and respected by all who
knew him. Jimmie, I hear, is super-

THE CORN CROP

Will Be Greatly Increased According to The Following Statements.

Commissioner Rankin, the head of the Agricultural Department believes that if the farmers of Kentucky will plant the select seed corn that the crop of corn in Kentucky will be increased on an average of one third and that in the majority of cases it will be increased one-half and in many cases the crop will be doubled. He is having analyzed at the experiment station two ears of corn and the one that is reported to contain the greatest amount of protein is the seed that he will recommend to farmers to buy.

This will be taken up and fully discussed at the meeting of the State Farmers' Institute at Elizabethtown this month. As corn is raised now, it is an exceedingly unprofitable business for the average yield to the acre in Kentucky is 27 bushels, which would sell if put on the market now, for just about \$14 and that is just what it costs to raise it.

Now if Commissioner Rankin is correct when he says that by planting the proper seed corn the crop in Kentucky is increased one-third, one-half and in some cases doubled then just the amount of corn that is raised in excess of the amount raised now is the profit. There is no question about the ability of the farmer of Kentucky to increase the yield of his crop by seeking the advice of the Commissioner of Agriculture.

Commissioner Rankin has far too many letters on file in his office to show what has been done by the farmers throughout the State, even though the experiments have not been conducted under the most favorable circumstances for as every farmer knows last year was an exceedingly poor year on corn as well as other crops.

Commissioner Rankin says that he has an old friend in Magoffin county whom he sent a bushel of the seed corn that he would recommend, and the yield was much larger than the average crop in the mountains that the report of the corn field become noised around, and it was visited by people from all over the mountains, and every bushel of corn raised in the field will be sold this year for seed corn.

In Memoriam.

Mrs. Nannie Elam, nee Brickley, was born at Rosedale, Ky., and died at Wise Va., December 22, 1908, having just passed upon her brief earthly journey the 22nd mile stone. The end came after six weeks of severe suffering and illness, which she bore patiently and with Christian fortitude.

As Nannie Brickley, Mrs. Elam was one of a family of ten children. At Ashland, Ky., May 20, 1906, she was married to Prof. C. M. Elam, of Blaine, Ky., who is at present Principal of the High School, at Wise, Va. Of this marriage were born 2 children, both boys, the youngest being about two months of age. About five years before her death Mrs. Elam united with the Baptist church at Ashland, Ky., thus evidencing her faith in Him who came that though we should die we might live again, and proclaiming in her conduct and character the serenity and purity of her hope and faith.

But though Mrs. Elam is gone she is not dead. After a battle with the weakness that flesh is heir to, the poor weak body was conquered and the spirit fled to find a sure and more permanent abiding place. No, she is not dead.

She has gone unto that school where she no longer needs our protection. And Christ Himself doeth rule. May God in his infinite mercy comfort the hearts of those who mourn the loss of one dear to them and enable them to so live that they may meet again in a fairer land beyond these shores of fading and sorrow.

Some Startling Charges.

Col. Jack Chinn, recently nominated for the Legislature from Mercer county is out over his own signature in a most severe and scathing arraignment of the Prison Commissioners and ugly charges against them in their treatment of convicts and says he will demand an investigation at the hands of the next Legislature. He says that convicts are brutally beaten both men and women for the purpose of the prison contractors. That the Deputy Warden one Madigan is in the employ of the Hogue Montgomery Co., the prison contractors. He also charges that Eli Brown, a member of the Board of Prison Commissioners, is in league with the contractors, who employ the convicts, that he is a lobbyist, that he represents the American Tobacco Co. before the Legislature; that he elects men to the Legislature to serve his purposes; dictates candidates for the Speakership and controls the appointment of Committees and makes many other charges of similar nature. We know nothing of the truth of falsity of these charges. They certainly are very glaring in the nature and if true there should be an entire new order established at Frankfort. If they are not true, the Prison Commissioners, especially Mr. Eli Brown cannot afford to rest under them.

EFFECTIVE RECIPE.

Home-made Kidney, Bladder and Rheumatism Medicine for Readers.

Here is a simple home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement that it will relieve almost any case of Kidney trouble if taken before the stage of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the recipe. Try it:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

These ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire Kidney and Urinary structure, and often overcomes the worst forms of Rheumatism in just a little while. This mixture is said to remove all blood disorders and cure rheumatism by forcing the kidneys to filter and strain from the blood and system all uric acid and foul, decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.

Pikeville, Ky., Feb. 15—The revival conducted by Rev. J. G. Ragann, that has just closed here, was productive of much good, there having been 49 conversions and 35 additions to the church. There were 14 candidates for baptism, who were baptized by sprinkling, Sunday morning, and three by immersion Sunday afternoon. Some of them were children.

The Republican delegates which were elected at the precinct meetings held in Floyd county on Saturday, February 6th, for the purpose of nominating the county ticket to be voted for at the regular November election of 1909, met at the Court House in Prestonsburg on Tuesday, February 9th, for that purpose.

The following ticket to fill the said county offices was nominated.

Malone Hall, for County Judge; Walter W. Reynolds, for County Attorney; A. L. Allen, for Circuit Court Clerk; H. Lafferty, for Sheriff; James Harris, for County Court Clerk; Ballard Martin, for Jailer; Robt. Frasure for Supt. of Schools; and Andrew Hamilton for Coroner.

Shelby J. Dish, of Central City, Ky., a prominent Kentucky coal operator, is associated with a number of Louisville capitalists, among them Dr. W. H. Netherland and Vernon J. Blow, in coal and timber lands in Magoffin and Carter counties. Mr. Dish and his Louisville associates are going to develop the property, and will open up mines and saw mills right away. It is also their purpose to build a railroad that will connect their property with the L. & N. and Southern. Thousands of dollars will be spent in the developments and improvements to be made, and the mining company will be one of the biggest concerns in Eastern Kentucky.

In the case of A. J. May and others growing out of complaint filed alleging inadequate depot facilities at Prestonsburg, Ky., on the Big Sandy division of the Chesapeake and Ohio Railroad company quite an extensive record was obtained and some able briefs filed by attorneys for both sides. The Railroad Commission is now absorbing these very voluminous documents and will render its decision some time next month. The commission will make an investigation of its facilities complained of before a decision is made in the case. It is said that the citizens of Prestonsburg are asking the C. & O. Railway Company to erect a freight and passenger depot at a cost of several thousand dollars at a spot where it would almost be impossible to construct a "woodshed," the tracks of the company running alongside a high mountain and a very rough river.

A cowardly attempt to mob Rev. Morris pastor of the Long Run Methodist church took place Saturday night in that community and from all reports he was waylaid by a gang of members of the United Brethren church on Long Run, says the Portsmouth Times. As Rev. Morris left his church at 9:30 o'clock Saturday night he was attacked by a mob headed by a well known widow of that vicinity. The gang abused Morris shamefully and pelted him with stones and sticks. The mob stationed itself in

"I have been a sufferer with the asthma for about four years, and I tried different kinds of medicines and could not find any relief for it.

"I tried your medicine, bought a bottle of Peruna, and after taking about half of it I must say that I have not had the asthma since. Before I took the medicine I did not know what it was to go to bed without having the asthma."

Systemic Catarrh.

Mr. Samuel Burden, 701 Springfield Ave., Summit, N. J., writes:

"In the fall of 1900 I had repeated attacks of cold, which developed into systemic catarrh.

"It left me very weak and all run down. When I got up in the morning it would take about an hour to get my head and throat clear.

"It also left me with a very weak, all-gone, empty feeling in my stomach, which I thought was dyspepsia, for which I tried different remedies with very little improvement.

"I finally decided to give Peruna a trial. I felt benefited with the first dose. After taking three bottles I was entirely cured. I cannot speak in too high terms of your wonderful discovery, Peruna."

the yard of Phillip Pabst, while the woman in question, called Ben Morris a number of very ugly and uncomplimentary names. Rev. Morris is a splendid minister and the unwarranted assault made upon him has thoroughly aroused the residents of Long Run.

It is a church feud, as the congregations have long been at swords points. It is understood that some sensational developments will follow Saturday night's incident. Rev. Morris has the name of every person in the crowd and intends to prosecute them. A real church fight is something new for Long Run and Scoto county and the outcome will be watched with interest.

EFFECTIVE RECIPE.

Home-made Kidney, Bladder and Rheumatism Medicine for Readers.

Here is a simple home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement that it will relieve almost any case of Kidney trouble if taken before the stage of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the recipe. Try it:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

These ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire Kidney and Urinary structure, and often overcomes the worst form of Rheumatism in just a little while. This mixture is said to remove all blood disorders and cure rheumatism by forcing the kidneys to filter and strain from the blood and system all uric acid and foul, decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.
